

STEM SCHOLARS CSI FORUM

Date: Saturday, December 15th, 2018
Time: 8:45AM - 4:00PM
Location: Hill-Gustat Middle School, Sebring
Host: Highlands County Sheriff's Office

JOIN US FOR A DAY IN THE LIFE OF A CSI CRIME SCENE TECHNICIAN

- (1) **Fingerprinting:** classifying/pattern types and using a fingerprint kit to collect fingerprints from objects
- (2) **Crime Scene Processing:** small crime scene set up to demonstrate what work goes into processing a scene/body and using equipment to collect blood and other trace evidence
- (3) **Shoe/Tire Impressions:** collection methods and activity using Bio-Foam to gather and cast students' shoe impressions
- (4) **Crime Scene Equipment:** crime scene equipment used both in the lab and at the scene with items brought from the lab and vehicle set up for demonstrations

Students will also learn about various careers in the crime scene field including forensic computer technology.
